

Open House: Saturday 26 May 2018

Join us at our upcoming Open House and discover more about our unique approach and environment for children 18 months to 6 years old.

“We recognise children as capable, competent, curious and full of potential. We believe that children should not be isolated in their learning and rather surrounded by a community who believe in them. And we believe children’s desire to seek knowledge is ignited when immersed in an environment rich in resources, materials, beauty and inspiration.”
